

AI ENTHUSIAST

SOUMYA SHARMA

OBJECTIVE

Motivated B.Tech. CSE (AI) student seeking opportunities to learn, build, and collaborate on real-world tech projects and hackathons. I want to use my skills in AI, front-end development, and prompt engineering to solve practical problems and grow as a developer.

EXPERIENCE

Research Presenter – 10th International Conference “Shaastrarth”

Rungta College of Engineering and Technology

- Presented research on using **AI and IoT** to improve national security through smarter surveillance and real-time monitoring.

Participant – Google Cloud Agentic AI Day

- Learned about **Google Cloud** and **Agentic AI** and how they can be applied in real-world projects and hackathons.

Participant – Bhartiya Antariksha Hackathon

- Worked on **space-related problem statements**, contributing to idea generation, research, and solution concepts under time limits.

Participant – Pragati: AI for Impact Hackathon

- Helped design **AI-based solutions for real-world impact**, focusing on ideation, research, and pitch preparation with AI and no-code tools.

LANGUAGE:

Hindi and English

EDUCATION

- B.Tech. in Computer Science & Engineering (AI)** – Rungta College of Engineering and Technology
- Class 12 (Science)** – Eklavya Educational Complex
- Class 10** – Keshav Saraswati Vidya Mandir

SKILLS

- Programming (Python, JavaScript)
- Web Technologies (HTML, CSS)
- Prompt Engineering (ChatGPT / Groq)
- AI & No-code Prototyping (Canva, Google Docs / Sheets / Forms)
- Research & Documentation
- Presentation & Team Collaboration
